

BEFORE THE  
PUBLIC SERVICE COMMISSION OF WISCONSIN

---

Investigation to Explore the Potential for Geologic Carbon  
Sequestration for Carbon Dioxide Produced by Wisconsin's  
Electricity Generation Fleet

05-EI-145

---

**MUNICIPAL ELECTRIC UTILITIES OF WISCONSIN'S  
REQUEST TO INTERVENE AND NOTICE OF APPEARANCE**

---

Pursuant to Wis. Stat. §227.44(2m) and Wis. Admin. Code § 2.21, the Municipal Electric Utilities of Wisconsin ("MEUW") hereby files its request to intervene in the above-captioned matter. MEUW's attorneys also file a notice of appearance.

**STATEMENT OF INTEREST**

MEUW is the trade association for Wisconsin's 82 municipal electric utilities, which are located throughout the state of Wisconsin. Each MEUW member is a public utility within the meaning of Wis. Stat. §196.01(5). The MEUW's members include municipal electric utilities that purchase power at wholesale to distribute to their retail customers. The Notice of Investigation in this proceeding indicates that the Commission intends to consider the economic, legal, geologic and engineering implications of geologic carbon sequestration for carbon dioxide produced by Wisconsin's electricity generation fleet. MEUW members have a substantial interest in the Commission's findings and decision in this investigation because certain of them constitute part of the generation fleet. In addition, as wholesale purchasers of electric power, MEUW members may ultimately be affected by options explored and implemented as a result of this investigation.

## NOTICE OF APPEARANCE

Boardman Law Firm hereby files its Notice of Appearance on behalf of MEUW in the above-captioned proceeding. All further documents and correspondence should be served on:
